Contractflow

Intake, Collaborate, Execute, and Manage

the entire contract lifecycle
with speed and precision

Contracts are strategic assets that drive growth and efficiency. Aavenir Contractflow transforms contract management with contractual data management, digital workflows, and enterprise connectivity. From intake to renewal, it streamlines the entire lifecycle, reducing risks and accelerating decisions.

Unlock the Power of AI and Digital Workflows

Contract Intake and Routing

- Eliminate scattered emails and PDFs.
- Capture contract requests from all departments.
- Route contracts to the right teams intelligently

Business Impact

- Gain efficiency by eliminating manual work.
- Ensure compliance with policies and regulations.
- Pro-actively identify risks, obligations, and deviations.
- Get insights on customers, vendors, and contracts.

Execution and Task Assignment

- Drive pre-/post-signature execution, not just store them.
- Assign tasks and route contract data intelligently.
- Integrate with teams & systems – S2P Suites, CRMs, ,ERPs, and more.

Digital Workflows

- AI term, clause and obligation extraction workflows
- Automated and collaborative reviews for legal and procurement.
- Speed up approvals and reduce bottlenecks.

Key Contract Challenges that we solve for you!

- Disconnected & Manual Workflows
- Siloed Contracts & Data
- Lack of Standardization
- Lengthy Turnaround Times

Master Every Step of the Contract Lifecycle

Initiate
- Centralized requests via guided forms.
- AI extracts key terms, eliminating manual entry.
- Edit and review contracts in MS Word.

Execute
- AI simplifies language and detects deviations.
- Multi-tier approvals streamline finalization.
- Secure e-signatures with DocuSign, Adobe.

Manage
- Store & organize contracts with access controls.
- AI-powered search retrieves key details.
- Identify and track SLAs, renewals, and monitor compliance.

Comply
- Compliance playbooks to ensure adherence.
- Pro-active obligation and contract expiration alerts
- Key insights on vendor and customer obligation performance

Connect
- Connect contract data with ERPs, Source-to-Pay Suites, CRMs and more.
