Aavenir

Aavenir ComplianceNext

Drive Regulatory Compliance, Manage Vendor Risk and Accelerate Risk Remediation

ComplianceNext, Aavenir's compliance solution performs real-time document compliance screening across global regulations, internal controls and policies, as well as risk remediation tasks.

It empowers risk and compliance managers, legal and procurement teams, as well as IT and cybersecurity teams across industries to accelerate compliance reviews, reduce manual and compliance audit efforts, and proactively identify and address compliance risks with greater accuracy and efficiency.

Compliance Delivered By AI Agents

Aavenir AI Agents, built for procurement, legal, and IT, ensure fast, accurate compliance checks across contracts, certifications, and vendor documents.

Policy Discovery Agent
Discovers applicable regulatory frameworks and assembles vendor and contract policy checklists

Compliance Screening Agent
Executes compliance checks against contracts and documents and identifies compliance gaps

Risk Scoring Agent
Quantifies compliance risk exposure with AI-generated rationale and impact assessment

Policy Assignment Agent
Dynamically assigns policy checklists to contracts and vendor-submitted documents

Risk Action Checker Agent
Checks whether risk actions have been incorporated into contracts and documents

Document Update Agent
Automatically updates and redlines contracts and documents to close the compliance gap

Key Challenges That Aavenir Solves For You

01 Fragmented view of risk and remediation

02 Manual compliance and internal inefficiencies

03 Inability to detect and adapt to policy changes

04 Non-compliance penalties and lack of risk controls

05 Siloed and missed risk remediation actions

Compliance delivered in your Workflow

Integrated and embedded within your existing workflows, Aavenir AI Agents for compliance screen your documents and deliver results where it matters – in your business process:

Contract Lifecycle Management

Execute compliance verification checks on draft and executed contracts in Aavenir Contractflow or your own CLM solution. Identify regulatory and internal policy gaps, as well as risk exposure, and drive approval and contract update actions.

Vendor Onboarding Management

Speed up supplier due diligence with regulatory and internal policy compliance verification in Aavenir Onboardingflow or your own Vendor Onboarding Solution. Trigger remediation workflows, and initiate corrective action - all before the vendor is approved and activated.

Third-Party / Enterprise Risk Management

Enforce risk remediation action and compliance verification during third-party and enterprise risk monitoring processes. Eliminate fragmented views of risk by integrating compliance results and risk scores directly into your risk management solutions.

Risk and Compliance Insights

Get actionable insights with real-time dashboards and risk registers to track remediation, flag high-risk vendors/contracts, and demonstrate compliance.

Vendor and Contract Risk Reports

Gain real-time visibility into contract and vendor non-compliance risks with intuitive charts and reports grouped by policy frameworks and risk domains.

Risk Remediation Reports

Analyze vendor and contract risk progression trends throughout the vendor and contract lifecycle with intuitive reports and dashboards.

Centralized Risk Register

Analyze vendor and contract risk progression trends throughout the vendor and contract lifecycle with intuitive reports and dashboards.

Impact And Outcomes

Efficiency Gains	**75% Reduction** in manual policy research	**Risk Prevention**	**88% Boost** in pre-execution risk	**Cost Savings**	**40% Lower** internal audit costs
80% Faster remediation cycles	**10x Faster** compliance reviews	**85% Improvement** in risk visibility	**100% Coverage** of audit trail	**50% Reduction** in external compliance review costs	**MILLIONS Saved** from avoided regulatory fines
